**Type** Wetlands adjacent to TNWs  
**Area** 4046.856

**Wetland adjacent to TNW**

---

Summarize rationale supporting conclusion that wetland is ¿adjacent¿  
Tidal ditch at front of property (fed by Chesapeake Bay - TNW) provides hydrology for tidal wetlands at front of lot (abutting ditch). There are also tidal wetlands at the rear of the lot abutting the Chesapeake Bay (TNW). The nontidal wetlands in the middle of the site are directly abutting the tidal wetlands. There is also a ditch on 1001 Bay tree Beach that supplies hydrology from the TNW to the front of the lot with wetlands directly abutting the ditch.
